## Maddies mejl:

I know we are good friends and I trust you, but since I've read way too much about people getting tricked by the ones they trust the most, I just feel I need to be sure. Follow the detailed instructions below, one part at a time, to find our meeting place. It will take you some time to get there so do start at least one hour before our meeting time (if you've forgotten when we should meet, check out Trello).

See you soon! Can't wait to get this done!

Maddie
